REPORT OF THE SELECTMEN AND ROAD COMMISSIONER

We respectfully submit to the citizens and tax payers of Freedom our annual report for the fiscal year of 1985 ending February 1, 1986.

Each and every new year seems to be a challenge to all officers of the Town. We believe the challenge was met with highest efficiency.

Landfill costs were held to a minimum, but the Landfill is still uncertain from year to year and eventually, it will be a very costly item.

Flex mix was applied to the Webber Road, Thurston Rd., a seal coat was applied to Ayers Ridge Rd., and culverts were installed in various roads making drainage more efficient.

Hurricane "Gloria" visited us this September and did some damage - mostly wind. We were very fortunate not to get heavy rains as we did in 1954.

The tax rate was reduced somewhat in 1985 due to School assessment and reduced county tax. School Assessment and County tax is expected to rise again in 1986 and be very costly in 1987.

There will be an increase in Welfare, equipment costs, also road and snow breaking as wages were increased several times during the year of 1985. You will notice that our Insurance was increased during 1985, partly higher rates and more coverage. Liability Insurance is hard to get.

Another good effort by our Public Works Dept. has kept our roads plowed and sanded and safe most of the time for the public use.

We also thank the citizens of the Town for their co-operation this past year.

Sincerely,

SELECTMEN OF TOWN OF FREEDOM

Harold Mitchell

Stephen Cross

James Phillips

Any person who neglects to comply with this notice is hereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.

AUDITOR'S REPORT

CHARLES ROY WOODMAN

Public Accountant

Readfield, Maine

January 15, 1986

Board of Selectmen

Freedom, Maine

I have examined the financial records of the Town of Freedom for the year ended January 31, 1985. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

As part of our examination of Federal Revenue Sharing fund transactions, we made a study of compliance matters, as prescribed by Section 51:101 of the Revenue Sharing regulations, with no exceptions noted.

In my opinion, the accompanying Balance Sheet and other exhibits present fairly the financial position of the Town of Freedom at January 31, 1985, and the result of its operations for the period then ended in conformity with generally accepted principles of municipal accounting applied on a consistent basis.

C. R. WOODMAN

Public Accountant

COMMENTS

February 1, 1984 to January 31, 1985

An audit of the financial records maintained by the various Town officers of the Town of Freedom has been completed for the municipal year ended January 31, 1985.

The examination included a review of cash transactions and an analysis of available funds and expenditures. The results are incorporated in the following comments, exhibits and supporting schedules.

An analysis of the results of the year's operations showed that net departmental balances exceeded overdrafts by \$19,375.70 (Exhibit D). Unallocated excise taxes and the overlay accounted for the balance lapsed to surplus.

ASSETS....The general fund cash balance of \$79,749.21 was reconciled with a statement furnished by Key Bank, Augusta, Maine. Federal revenue sharing funds of \$879.21 were invested in a time deposit.

Taxes receivable of \$13,994.45 represented the uncollected balance of the 1984 commitment in the amount of \$13,914.38 and balances of \$80.07 remain uncollected on prior year's commitments.

Tax liens and tax acquired property amounted to \$1,678.33 and \$1,902.75 respectively.

GENERAL FUND INVESTMENT.....Proceeds from the sale of Town property in the amount of \$16,800.00 were invested in a bond in 1981. Income from this bond amounting to \$2,078.72 was received during the year and used as voted.

LIABILITIES....The Town had no recorded liabilities at the year end.

SURPLUS.....The general fund balance amounted to \$106,527.16 at the year end, an increase of \$4,135.70 for the period.

TRUST FUNDS.....Trust fund principles amounted to \$1,300.00 while unexpended income totaled \$1,136.71 at the year end. These were represented by time deposits and other investments.

REVENUE SHARING FUNDS....amounting to \$15,296.87 were available from the State of Maine and \$8,000.00 applied to reduction of the tax rate. Revenue sharing funds amounting to \$7,279.99 were available from the Federal Government and \$6,400.00 used for authorized purposes.

Included in this report are exhibits and schedules pertaining to the financial status of the Town. Audit procedures were followed to the extent deemed necessary to develop these statements.

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the Town at January 31, 1985, and the result of its operations for the year then ended.

REPORT OF THE SELECTMEN AND THE ROAD COMMISSIONER

We respectfully submit to the Citizens and Tax payers of Freedom our annual report for the fiscal year of 1986 ending February 1, 1987.

Land-fill costs were held to a minimum again this year, it is still uncertain for how long.

In the very near future, our sand pile will have to be covered. This means a cost of approximately \$20,000.00.

Our school assessment and the county tax was increased this year and is expected to again in 1987.

Flex mix was applied to Village Road, parts of South Freedom Road and roads that had some seal work done on them are as follows: Village Road, Lower Road from Village to Unity Town line and some parts of Thurston and South Freedom Road.

Our Fire Dept. was updated in the year of 1986 with an appropriation of \$7,000. from Surplus and some hard work by V. F. D. men and their Chief. We believe we will continue to receive mutual aid which is very important.

We appreciate the paving of Rt. #137 in our town by the State; with what the Town did, our Black Roads are in good condition.

With a healthy surplus the Town maintains, an increase in excise taxes, interest and paid up tax liens, the town has not borrowed any money since 1965.

Our relief costs were held to a minimum in the year of 1986.

With a large increase in State wages, there will be some increase in Public Works Dept.

Again, we wish to thank the boys that man our snow and sand trucks as this January has been a record breaker for snow. We still have the months of February and March - I guess we will all be glad to see spring.

Again, we wish to thank the Citizens and various town officers whom we worked for and with for the year of 1986.

Sincerely,

HAROLD MITCHELL

STEPHEN CROSS

AUDITOR'S REPORT

CHARLES ROY WOODMAN

Public Accountant

Readfield, Maine

January 7, 1987

Board of Selectmen
Freedom, Maine

Gentlemen:

I have examined the financial records of the Town of Freedom for the year ended January 31, 1986. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

As part of our examination of Federal Revenue Sharing fund transactions, we made a study of compliance matters, as prescribed by Section 51:101 of the Revenue Sharing regulations, with no exceptions noted.

In my opinion, the accompanying Balance Sheet and other exhibits present fairly the financial position of the Town of Freedom at January 31, 1986, and the result of its operations for the period then ended in conformity with generally accepted principles of municipal accounting applied on a consistent basis.

C. R. WOODMAN

Public Accountant

COMMENTS

February 1, 1985 to January 31, 1986

An audit of the financial records maintained by the various Town officers of the Town of Freedom has been completed for the municipal year ended January 31, 1986.

The examination included a review of cash transactions and an analysis of available funds and expenditures. The results are incorporated in the following comments, exhibits and supporting schedules.

An analysis of the results of the year's operations showed that net departmental balances exceeded overdrafts by \$24,066.59 (Exhibit D). Unallocated excise taxes and the overlay accounted for the balance lapsed to surplus.

ASSETS....The general fund cash balance of \$89,550.49 was reconciled with a statement furnished by Key Bank, Augusta, Maine. General fund investments representing the Walker Fund amounted to \$16,800.00.

Taxes receivable of \$9,822.80 represented the uncollected balance of the 1985 commitment.

Tax liens and tax acquired property amounted to \$3,286.30 and \$48.00 respectively.

LIABILITIES....The Town had no recorded liabilities at the year end.

SURPLUS.....The general fund balance amounted to \$110,417.15 at the year end, an increase of \$3,889.99 for the period.

TRUST FUNDS.....Trust fund principals amounted to \$1,300.00 while unexpended income totaled \$1,266.22 at the year end. These were represented by time deposits and other investments.

REVENUE SHARING FUNDS....amounting to \$18,943.51 were available from the State of Maine and \$10,000.00 applied to reduction of the tax rate. Revenue sharing funds amounting to \$15,984.76 were available from the Federal Government and \$6,000.00 used for authorized purposes.

Included in this report are exhibits and schedules pertaining to the financial status of the Town. Audit procedures were followed to the extent deemed necessary to develop these statements.

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the Town at January 31, 1986, and the result of its operations for the year then ended.

ROAD COMMISSIONER'S REPORT

The winter of 1986 and 1987 we still remember as a winter of snow, but the flood of April 1, 1987 was maybe the worst in Maine's history. Many towns and cities reported a lot of damage. The Town of Freedom was fortunate again as we had very little damage so we didn't qualify for Gov. Assistance. Although we lost a number of yards to surface wash, which we replaced at a later date using over 2,000 yards of top gravel to strengthen our gravel roads. We corrected by placing a culvert, and excavating 150 feet of Ayar Ridge Road and replacing base gravel, also paving a short section rebuilding and extending a culvert on Fuller Road. We replaced bed with new gravel, most of gravel roads received some improvements. As I make this report, your roads are in good repair, let's keep them that way.

Sincerely,
HAROLD MITCHELL
Road Commissioner

REPORT OF SELECTMEN AND ASSESSORS

We respectfully submit to the Citizens and Tax Payers of Freedom, our annual report for the fiscal year of 1987 ending February 1, 1988.

Landfill costs and Welfare costs were held to a minimum again this year, but not for long.

Our School Assessment and County Tax was increased again this year, and is not expected to remain stable in 1988. Also, there was a slight increase in taxes, our tax rate decreased, but our taxes were higher. This happened in many municipalities in Maine, as we have to maintain a 70% valuation which is hard to do as building and land values change, almost as rapidly as the Maine weather.

Again, 1987 was a year of replacements. The Furnace in Garage was replaced, also furnace in the Municipal Building had to be replaced and some room made to place it. We did not have room in the kitchen, and we sure didn't want the mess that a hanging furnace would have created. We decided to add a 10 x 30 addition to the Building and when this was done, it meant modernizing the Septic system with a new cement tank and new field bed which was not required when this was originally installed.

The furnaces were purchased from Knowltons and installed. Also, our building was done by a local Carpenter.

A special town meeting was held during the summer to see what action, if any, the Town would advise in updating our snow plow trucks. The Town voted to continue to plow and sand their own roads, and voted to accept bids on a new truck to replace the 1974 truck. Bids were asked for on the 1974 truck and Clayton Larrabee was the successful bidder.

O'Connors G.M.C. in Augusta presented the Town the low bid of \$21,887 for a new heavy duty truck which the town accepted and accepted a bid for front end pump head and wing gear and a new sander body that sands ahead of the rear wheels for the sum of \$18,000.00 plus.

By selling and buying, we reduced our Surplus by \$29,000.00 but still maintain a healthy surplus.

This seems to be a large sum of money but equipment is high and contract work by the mile or hourly rates are increasing each year. We believe that as long as we are able to hire competent help, that is able to answer calls at all hours of day or night, we can still be competitive with the contractors, also, maintain a good quality road and leave most of our money in Town. Again, we wish to thank Sonny, Dick, Elwin and Ray for their good service.

Respectfully submitted,
SELECTMEN OF FREEDOM, ME.

I have examined the combined financial statements of the Town of Freedom, Maine, and the combining and individual fund financial statements of the Town for the year ended January 31, 1987, as listed in the foregoing Table of Contents. My examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, the financial statements listed in the aforementioned Table of Contents present fairly the financial position of such funds and account groups of the Town of Freedom, Maine at January 31, 1987, and the results of its operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year. Also, in my opinion, the combining and individual fund financial statements referred to above present fairly the financial position of the individual funds of the Town of Freedom, Maine at January 31, 1987, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental schedules and related information presented on the following pages are not necessary for a fair presentation of the financial statements, but are presented as additional analytical data. This information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above and, in my opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

A sufficient number of these reports have been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of voters in advance. It should be borne in mind that if copies are left at home there will not be a sufficient number at the hall to go around on Town Meeting Day. This year or any year, it is desirable for you to have a copy of the Annual Report as soon as it is issued. It is also important for you to preserve it and bring it with you to Town Meeting.

REPORT OF SELECTMEN AND ASSESSORS

We respectfully submit to the Citizens and Tax Payers of Freedom, our annual report for the fiscal year of 1988 ending February 1, 1989.

The year of 1988 was not an easy year for the Municipal officers; land values continue to soar and property taxes remain unstable. The Assessors increased property values by ten (10) % across the board. Our tax rate was lower, but your taxes were more. At this time, we don't know if we maintained a 70 % rating as we are supposed to maintain.

School assessment and labor costs continue to rise. We did have a slight decrease in County taxes. The Selectmen looked after summer roads and winter roads as there was no Road Commissioner elected or appointed. A mile and three tenths was paved on Greeley Road and two tenths on Hotham Road. An inch of mix was used on the weakest parts of the roads instead of a skimming mix. Paving was done by Commercial Paving and we think they did a good job.

This year more work was needed on these roads as well as some sealing should be done on other roads. Your gravel roads are quite well maintained but resurfacing and ditching should be done each year. Our winter roads are always well maintained but this winter was ice instead of snow. At this writing, we have used twice the amount of sand that we used in 1987. With this kind of a winter, it is extremely hard to keep a bare surface with sand, so we had a few icy spots that were hazardous at times. We had to have a grader come in and remove ice in several places. This kind of a winter freezes up culverts, and causes damage to roads in the Spring run-off.

A special meeting in the summer directed the Selectmen to excavate and pave the yard by the Fire House, and survey lines on Town property by the pond. All of this has been done. We have contacted the Inland Fish and Game Dept. about an access road leading to the pond, also a boat ramp. The Fish and Game are interested and we expect to see more done in the spring of '89.

As of January 1, 1989, there will be no more burning on land fill. Therefore, more compaction is necessary and cover material. Therefore, cost will be doubled or more, also a committee should be appointed to work with the Selectmen in making arrangements for closing the landfill in the next two or three years.

This year, taxpayers will realize more about cost of landfills as they will be asked to raise and appropriate money at Town meeting as in prior years, the interest from the Walker lot fund was sufficient.

With the cost of Landfill doubled and \$3,700.00 to match State funds for Comprehensive planning, also more monies for schools and County Government and with a small tax base, our taxes will increase by ten (10) %. Tax payers should come to our Town Meeting with this in mind. Hopefully, the State will come up with more tax relief money this spring.

Town Equipment is in very good repair, our new truck and sander is doing a very good job at this writing. We are very fortunate to have drivers that are available at all times to man these trucks, we again wish to thank Sonny, Joe and Dick for their services.

Our Welfare cost was kept to a minimum and again, we have a healthy balance with no indebtedness.

NOTICE TO ALL VETERANS, WIDOWS, MINOR CHILD OR WIDOWED MOTHER OF A VETERAN.

A veteran who becomes 62 years of age prior to April 1, 1989 and has an honorable discharge should apply and fill out forms for an exemption purpose by April 1, 1989.

NOTICE TO LAND OWNERS WITH 20 ACRES OR MORE and wish to enter it into Tree Growth should have a map of the lot consisting of number of acres, so many acres of Softwood, Mixed Wood, Hardwood, wet land and open land, and apply to the Selectmen by April 1, 1989 for the approval of the Selectmen. There is a penalty for withdrawal if you want to remove or sell this land in the near future.

CONTROL OF PETS. This is getting to be an item that is costly to the Tax payers as you will notice in your report. Our Animal control officer was kept quite busy for a small town and its' expensive. We have a leash law and we know you love your pets, as we do ours, but we **MUST** contain our pets better in 1989.

A special thanks must be given to Lee Brothers of Albion for their promptness in furnishing help in case of floods, and blocking snowstorms and breakdowns.

A special thanks also to Clayton Larrabee who has gone beyond his duty to help different projects to stay within their budgets.

Respectfully submitted,

SELECTMEN - TOWN OF FREEDOM

Board of Selectmen
Town of Freedom
Freedom, Maine

I have examined the combined financial statements of the Town of Freedom, Maine, and the combined and individual fund financial statements of the Town for the year ended January 31, 1989, as listed in the foregoing Table of Contents. My examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, the financial statements listed in the aforementioned Table of Contents present fairly the financial position of such funds and account groups of the Town of Freedom, Maine at January 31, 1989, and the results of its operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental schedules and related information presented on the following pages are not necessary for a fair presentation of the financial statements, but are presented as additional analytical data. This information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above and, in my opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.
